THE COMPLETE DIGITAL STUDIO EDITION

A complete personal sky.

Aurora Vale / fictional fixture / self commission

READING

PRINT PACK

SCHEMATIC OBSERVATORY STILL / COMPUTED POSITIONS

READING AND PRINT EXCERPTS

One chart, two ways to keep it.

Aurora Vale / fictional fixture / self commission

WHAT THESE EXCERPTS PROVE

The 20-page keepsake translates computed chart positions into reflective language for entertainment and personal reflection.

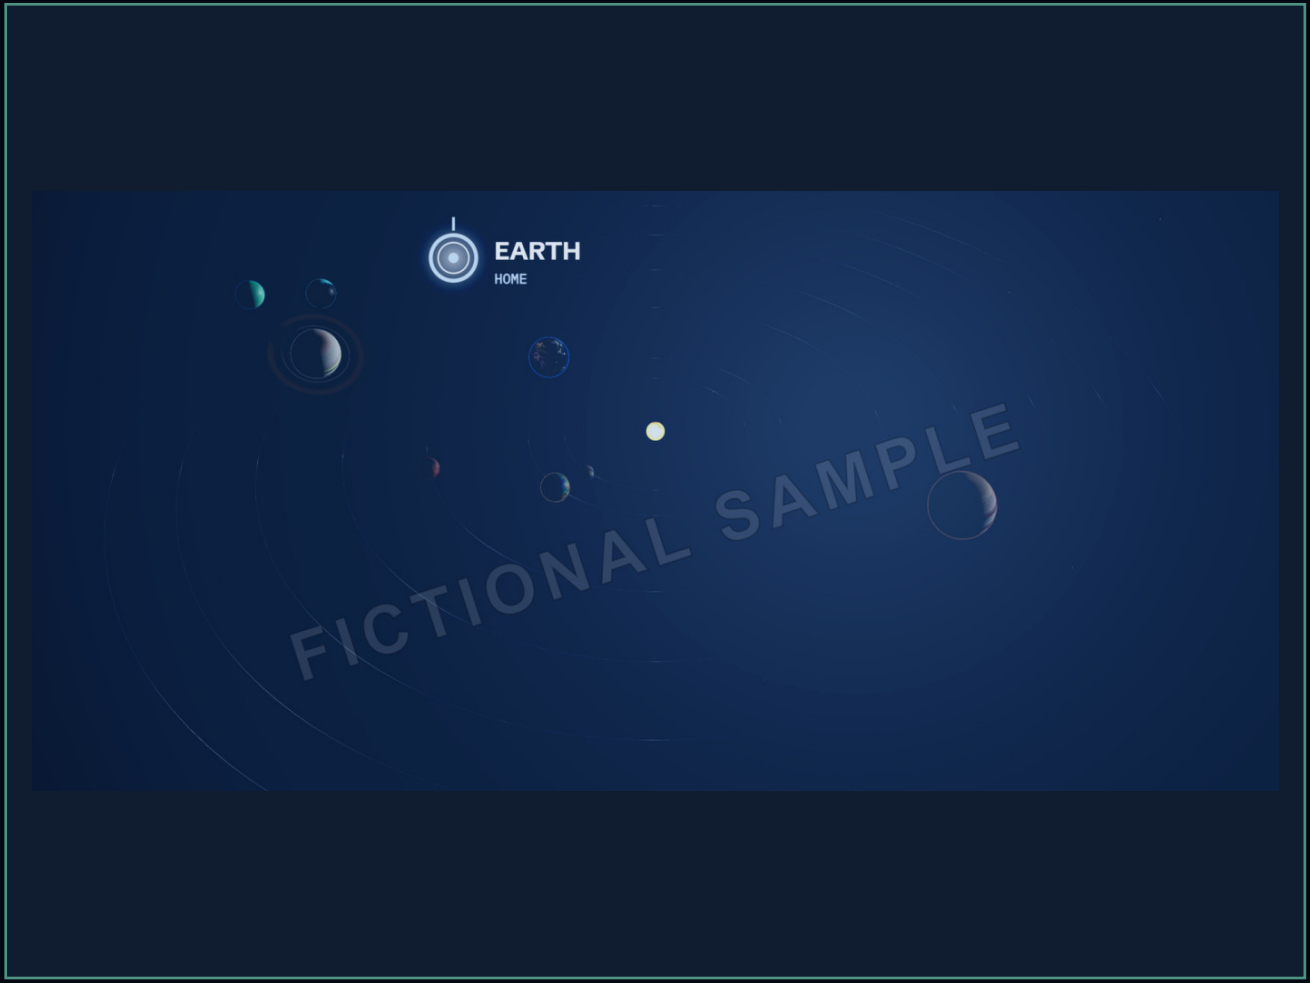

The A3 and A4 print plates preserve the same chart wheel geometry. Layout finishing does not redraw a degree, house cusp or aspect.

Every preview is visibly marked FICTIONAL SAMPLE and contains no customer data.

SCHEMATIC OBSERVATORY BIRTH-HOUR STILL

The authored whole-system view.

Aurora Vale / fictional fixture / self commission

SCHEMATIC / NOT A PHOTOGRAPH

This still is captured from the real AstroPrecise Observatory engine at the recorded UTC birth moment. Planet positions are computed; distances, visible body sizes and the whole-system camera are compressed for clarity.

DELIVERY MAP

Everything in one private delivery.

01

Personal Sky Keepsake

20-page screen PDF and an ink-light print edition.

02

Natal Sky Print Pack

A3 and A4 PDFs plus five computed PNG layouts.
